24/7 peace of mind

Running a fleet can be stressful, but Roadside Assist helps keep you mobile. You can count on us to keep your business moving because our service has been created especially for fleet managers just like you. Roadside Assist provides cover for breakdown outside of the manufacturer's warranty period, so you can rest assured that your business fleet is covered 24/7.

Helping you stay on budget

We know that managing your budget is always front of mind, which is why we offer two convenient ways to pay:

Pay Monthly

A monthly fee lets you spread the cost and gives you cover for standard call outs. Anything that falls outside of this can be paid if and when it happens.

Pay as you use

This flexible option means you only need to pay if and when you use the service.

You can add Roadside Assist to your current contract or, if you own your fleet, you can run it as a stand-alone fleet management option – the choice is yours.
